Thank you for your generous support of Rotary's polio eradication efforts. Your gift protects vulnerable children from a paralyzing disease. Because of you, we are one step closer to a polio-free world.

Since 1988, worldwide polio cases have dropped 99.9 percent. But we still have plenty of work to do. Polio remains endemic in Afghanistan, Pakistan, and Nigeria, and as long as one child is at risk, all children are. This is why Rotary is committed to seeing this effort through to the very end.

Your support brings critical resources to vaccination and monitoring efforts in areas where children are especially vulnerable to polio. It gives children a future in which they can run and play. Thank you for joining us in the largest and most ambitious global public health program in history. Thank you for making Rotary's mission a part of your own.

Sincerely,

Bruce Allen
