

The University of Adelaide is looking for assessors to help with our upcoming Bachelor of Science (Veterinary Bioscience) applicant admission interviews.

The Bachelor of Science (Veterinary Bioscience) has a non-standard admissions process, and part of this process requires each applicant to be interviewed by a volunteer assessor at the Roseworthy campus between **2nd December – 6th December 2019**.

We are looking for expressions of interest from a range of people, including (but not limited to):

- Practicing and retired veterinarians
- Members of the local community
- Members of the general public who have a keen interest in animals
- People who have a connection or understanding of the Roseworthy campus and it's teaching
- Anyone who is keen to donate their time.

The interview process will occur in the week commencing Monday, 2 December through to Friday, 6 December (inclusive) in a range of times to accommodate your availability (including both daytime and evening interviews) and training will be provided to all new members assisting us with the interview process.

If you are keen to be involved, we would love to hear from you and would like to know if you are available during the day, the evening or a combination of both.

Please email savsadmissions@adelaide.edu.au by **Friday 18th October** to express your interest in this valuable selection process.

Thanking you in advance,
Faculty of Sciences

Sent by Kerry James, Volunteer Program Coordinator on behalf of the School of Animal and Veterinary Sciences (SAVS) Admissions Team

You are receiving this email because you have volunteered for this program in the past. If you do not wish to remain on our database for this program could you please email volunteer@adelaide.edu.au. Thank you for your contribution.

Kerry James
