

Dear Rotary Club of Gawler,

Merry Christmas to y'all from Germany. In case you didn't know, it's me Ava from Germany. Hope you still remember me.

I hope Christmas spirit has arrived in Australia and everyone is doing well down under.

Christmas eve, as everybody knows is on the 24th December, which means that I will be home for exactly six months.

It definitely doesn't feel like half a year but I guess that's life.

It has been an interesting journey so far with a new year level, new friends and also different Rotary meeting structures.

Missing everyone so much and I hope to see you very soon.

You can always give me a call when in Europe and I'm sure we will find a way to catch up somewhere!

Have fun with your new Italian inbound and treat her with the same amount of love that you treated me with.

Lots of love and happy holidays

Your German rebound Ava
