

Good afternoon,

Please see the attached letter from Mayor Karen Redman, inviting your participation to provide feedback on phase 1 of the **Community Plan 2030+** project.

As part of this review process, Council will be undertaking a two phase consultation process. The preliminary phase seeks to gauge matters of importance with the local community as well as their thoughts about the existing Community Plan (2017-2027).

This preliminary consultation period takes place from **Wednesday 29 April 2020 and concludes Friday 22 May 2020.**

The Community Plan provides direction to Council on the allocation of its resources for the type and level of service provided to the community, as well as identifying the role Council will play in advocating for services provided by other spheres of government, non-government organisations, and the private sector.
