

Double your impact this June during  
***Workplace Giving Month***

Did you know that in Australia, **181,456** employees are currently donating through their workplace giving programs?\*

Each year, more organisations of all sizes are supporting their employees by matching staff donations—***and doubling their impact.***

June is *Workplace Giving Month*, so if you're working in an organisation that may be willing to match your donations to The Rotary Foundation, this would be the perfect moment to check whether they will *help you make a difference in the world* through Rotary.

**Whether you're employed or not**, the world is in the midst of a major crisis and **the need for Rotary's programs has never been greater**. Your support will deliver high impact and will be hugely appreciated.

Kind regards,

*Rob*
