RDU is pleased to announce the **soon to be launched Club Resource Centre on our website**. The platform is particularly geared towards helping clubs engage with their members during this difficult time of COVID-19.

Our website is being upgraded to reflect a more dynamic collection of content that districts and clubs can share and use.

We are now seeking suitable video material, for example, short recorded presentations that are of interest to Rotarians and their guests. These may have a Rotary flavour or be purely interest and/or entertainment based.

These will then be advertised via RDU's social media platforms for clubs to use.

Video presentations of about 10-15 minutes are ideal, in 1080p high-definition MP4 format with a suitable topic of interest.

**Content will be uploaded at RDU's discretion.*
