

Regrettably I advise that the COVID-19 Rules are not yet beneficial for us to have a normal meeting. Given the available area within Zion Hall, we could only have a total of 20 people present.

It has been decided that Dr Rupert Thorne will have his address [on the history of Hutchinson Hospital] videoed in the presence of only us on the Exec. This created only 12 additional places, which is not a justifiable number for a normal meeting format when we normally get 40 or more members and guests present.

Rupert's videoed address should be loaded onto gawlerhistory.com by 9th July.

Patience is a virtue.

Regards
Brian Thom
