

Greetings from COVID-19 isolation

What remarkable times we are experiencing? I trust that you are coping as well as possible.

Without having our usual monthly get-together, which many have missed, we have intended videoing our Guest Speaker and then putting the Video up on gawlerhistory.com

Regrettably our May 2020 Guest Speaker Maxwell Millowick is suffering from a major health problem necessitating deferral of his Walter Duffield [Para Para] address to us. We wish Maxwell well for his quick recovery and we look forward to hearing from him in the next 12 months.

Our 2020 Guest Speakers are:

June 2020 - Dr Rupert Thorne - The history of Hutchinson Hospital

July 2020 - Adrian Shackley - The history of Gawler Environment and Heritage Association

August 2020 - David Pitt - History of Gawler Primary School.

September 2020 - Ed Manning - The history of Ames Hardware

October 2020 - Bernie Stack - The history of Gawler Crash Repairers in Gawler

November 2020 - Patricia Dent OAM - The History of Ladies Hairdressers in Gawler

and Peter Jones future address on Evanston Racecourse and the Gawler Barossa Jockey Club, which was deferred from April 2020.

We will cross bridges as we come to them as to what Government meeting restrictions prevail. We hope the Video option can still prevail in the meantime.

You will get your usual monthly email to alert you regarding the return to normality.

In the meantime, please go to the "Latest Additions" button on our front page and see if you can add to the information within each new article.

Regards

Brian Thom
