Subject: District Grant Application:- RC Gawler "Televisions for Gawler Health Services".

RC of Gawler

Dear President Jacqui,

The District Grants Committee thanks you for your application for the above District Grant. There were 23 applications submitted prior to the committee meeting to consider all applications.

Your Clubs application for **Televisions for Gawler Health Services** has been considered favourably by the District Committee and the application, for a Grant of \$AU1893.00 will be forwarded to the Rotary Foundation for consideration as part of the Districts overall District Grant Application. Any reimbursement will be made on Invoice & receipt(s).

However, NO Expenditure can take place before the Rotary Foundation Coordinator grants approval.

You will receive final approval advise (from me) once the process has been completed, I'm advised of the outcome of our Districts submission, and we have received the funding. My expectation is this should occur prior to the end of September.

Congratulations on having an excellent project.

Yours in Rotary Service,
Ed King
