

Hi All,

As of yesterday we are implementing a new program to support community called Community Connect.

The aim of the program is to provide information and connection to our community, in particular to elderly and vulnerable people who may find themselves socially disconnected during these uncertain times.

Where ever possible we will work with local groups and organisations to ensure as many community members as possible stay connected, receive accurate information and practical assistance where needed.

If you have any clients or know anyone in the community (including young people and their families) who could benefit from the program please get in contact with us, or complete the referral form on the website - www.gawler.sa.gov.au/communityconnect.

The program poster is attached please feel free to distribute and display.

If your group or organisation are interested in supporting this program in any way at all please let us know.
