Rotary Information:

- Received confirmation from the Tax Office regarding the charitable status of the Wheels in Motion Project—donations are now tax deductible
- World water day on 22Mar20
- The Water & Sanitation Rotarian Action Group (WASRAG) was formed in 2007 by a group of Rotarians, recognized by Rotary International, and focused on WASH projects. Since then it has facilitated many hundreds of projects – helping clubs find partners, ensuring sustainability, stressing the importance of a needs-driven approach, and developing best practices.
- A holistic, integrated approach is encouraged in which water is not the end in itself, but is rather the means to a better life and livelihood in the community. Most importantly, WASRAG links water and sanitation to improved hygiene, better health, and empowerment of the community – especially women, irrigation and agriculture, education and literacy and, ultimately, child mortality.
