

As I'm sure you are already aware, the Town of Gawler has implemented a new program called Community Connect, aimed at providing information and connection to Gawler residents, in particular to elderly and vulnerable members of the community who may find themselves socially disconnected during the COVID-19 crisis.

The new Community Connect Newsletter is one of the ways that Council is providing information to community members. You can view the Newsletter [here](#)

The Newsletter:

- explains the restrictions
- highlights what some community groups are up to
- provides an update from Council's Environmental Health Officers; and
- provides information about rates, Council's Home Assist program, the Community Connect program, the Library and more.

We hope you enjoy the Community Connect Newsletter and please feel free to distribute amongst your networks.

If you, or someone you know, requires information or practical assistance, contact the Community Connect program on 8522 9295, email communityconnect@gawler.sa.gov.au or go to www.gawler.sa.gov.au/communityconnect

Kind regards,
Ebony
